GUIDELINES FOR LOVE-LY GARDEN APPLICATION

The Love-ly Garden Award was established in 2006 to recognize someone who “loves to garden”. Penny Jarvis of Portland and Old Lyme, Connecticut loved to garden and endowed the Federated Garden Clubs of Connecticut and the Gardening Consultants Council with a generous gift of \$5000.

- The gardener must be a member of a Federated Garden Club of CT.
- A gardener may nominate her/his own garden.
- Nominations from friends or garden club members should first be approved by the garden owner. This aids immensely with receiving “before” and “after” photos and with the gardeners story since the emphasis is on someone who “loves to garden”.
- The garden must be established and maintained by the garden owner.
- If significant changes have been made to a garden during a 5 year period, the garden can be re-nominated for the award.
