

'Protect Wildflowers' is the message

The Federated Garden Clubs of CT, Inc.

The first official garden club special interest license plate, designed by the Federated Garden Clubs of Connecticut, Inc. as a conservation project through the state Motor Vehicle Department, is now available to the public. Featured on a light blue background is the state flower *Kalmia latifolia* (Mountain Laurel), with its blossoms shaded in pink. Application forms for a Project Wildflowers license plate are available through the F.G.C. of CT, Inc. office, P.O. Box 854, Branford, CT 06405 (203) 488-5528

Coordinator
Susan Parr (860) 225-9757

The CT Motor Vehicle plate 'Protect Wildflowers' is now on display at the Wildflower Research Center in Austin, TX
